VOL. 53 NO. 230

JACKSONVILLE, ILLINOIS, WEDNESDAY MORNING, SEPT. 24, 1919

TWELVE PAGES THREE CENTS

DENOUNCE CUMMINS BILL

Three Foremost Labor Men Attack Rail Measure.

Gompers Against Law Preventing Organized Labor From Striking.

WASHINGTON, Sept. 23.—Three of the foremost leaders of organized labor before the senate inter-state commerce commission today denounced in unqualified terms sections of the Cummins railroad reorganization bill which would prevent railroad workers from striking.

Samuel Gompers, president of the American Federation of Labor, Warren S. Stone, chief of the engineers' brotherhood, and Glenn E. Plumb, author of the organized labor's solution of the railroad problem and general counsel for the railroad brotherhoods, in turn presented varying arguments, but all emphasized the single point that in their view no power could constitutionally prevent men leaving work at their will.

Against Anti-Strike Law.

"I do not wish to live a single day after that right has been taken away from working men," Mr. Gompers said with more than a touch of indignation. He served notice on the committee that the anti-strike bill if enacted as a law would not be obeyed.

"With a full sense of my responsibility," he told senators, "I say that I should have no more hesitancy about participating in a strike after its passage than I do now. It wouldn't stop strikes; it would just make lawbreakers."

Discuss Plumb Plan.

There was considerable reference to the Plumb plan, which provides for government ownership of the railroads and joint operation by the public and employees, when its author opened his statement. He declared that strikes would be beneficial in the future, because workers would use them to force down prices instead of merely to secure a greater share of the cost of production and allowing prices to increase.

Puzzled senatorial questionnaires dealt at some length with this theory, but it did not shake his conclusion.

Likewise Mr. Plumb made reference to approaching revolution should "conservative labor forces" not secure concessions of the type embodied in his plan, and this occasioned more querying.

Stone Attacks Entire Bill.

Mr. Stone attacked the Cummins bill in its entirety. Its committee on wages and working conditions, he said, was a "mere bluff"; it "distorted procedure of the interstate commerce commission in order to give the commission a mandate to fix rates on the basis of inflated capitalization" and it had a transportation board just to take the blame off guilty railroad officials for denying rights to labor.

"Frankly vicious," he said were its provisions against strikes in interstate commerce. It contained an implied repeal of the Adamson eight hour bill, and its division of railroad systems into 25 or 30 systems was illogical and artificial.

Senator Kellogg, Republican, Minnesota, describing the disaster and famine which would follow a successful strike of transportation lines asked Stone for suggestions as to how such a catastrophe might be averted. The witness replied that he "would suggest nothing on this bill as I'm against it from start to finish."

Deficit Figures Cited.

Senator Kellogg cited some figures on deficits resulting from current railroad operation and said they were a result of government control.

"No, no that's a mistake," Stone interjected. "The government's merely paying the bills under the present situation."

He hoped the railroads would go back soon to private ownership, he explained because people would soon afterward be brought to favor the Plumb plan. In the house Representative Mondell, Republican leader assured members that some legislation for railroad legislation would be reported out at this session. The house interstate commerce committee heard a representative of the shippers in Clifford Thorne of Iowa, who said rate increases would be most unfortunate and suggested as desirable private operation under supervision of the existing government railroad administration with a guarantee of return to security holders.

OUT OF SUGAR

Quincy, Sept. 23.—With about fifty per cent of the grocers entirely out of sugar, the remaining dealers are doing out their limited supply in two pound lots as a rule. Two carloads of sugar en route will relieve the situation temporarily, it is expected, and prevent an absolute dearth of sugar here.

FORD CONTROLS ALL STOCK

Detroit, Sept. 23.—Control of all stock in the Ford Motor company has been secured by Henry Ford and his son, Edsel, it was announced here today, through purchase of the minority holdings of James Couzens, millionaire mayor of Detroit, and former vice-president of the company.

URGES MEMORIAL TO ROOSEVELT

CHICAGO, Sept. 23.—A memorial to Theodore Roosevelt would be a monument to Americanism, Governor Lowden of Illinois told the Illinois branch of the Roosevelt memorial association today. The governor was informed that 93 of the 101 counties of the state had been organized for the campaign to provide a fitting memorial to the former president.

CONGRESS TAKES HAND

Investigation of Steel Strike Will Be Made.

Inquiry Will Begin Thursday When Representatives of Strikers Will Be Heard

Washington, Sept. 23.—Congress intervened in the steel strike today by directing the senate labor committee to institute an immediate investigation to ascertain "if the situation can in any way be relieved by federal action."

The inquiry will begin Thursday when representatives of the strikers will be heard. Later, Chairman Gary of the United States steel corporation, President Gompers of the American Federation of Labor and other spokesmen for both capital and labor will appear. Action by the senate was taken on a resolution by Senator Kenyon, Republican, Iowa, chairman of the education and labor committee. The resolution was adopted without objection after brief discussion of the serious industrial situation involving the public's interest.

Assail Labor Officer.

While the senate was launching the committee inquiry the house loudly applauded an address by Representative Cooper, Republican, Youngstown, Ohio, a member of one of the railroad brotherhoods, assailing William Z. Foster, secretary and treasurer of the committee organizing the steel workers, and other union labor leaders, whom, he charged, were fomenting revolution.

The representative who is from the heart of one of the steel industry districts appealed to the rank and file of labor organizations to disregard radical leadership.

Immediately after adoption of his resolution, Chairman Kenyon sent telegrams to Judge Gary and John J. Fitzpatrick, chairman of the steel strikers' organization requesting them to appear Thursday. Judge Gary telephoned later that he could not appear Thursday and at his request his testimony was deferred until a week from tomorrow.

Will Hasten Investigation.

Expedition of the committee's inquiry is planned by Senator Kenyon. He said he proposed to hear both sides as quickly and as fully as possible.

"I hope to complete the hearings and submit a report late next week said the chairman who added, during senate discussion of his resolution that legislation to bring about conciliation might result."

Discuss Uproarious Applause.

Conduct of the crowds that yesterday broke into uproarious applause at the conclusion of a speech by Senator Reed and then hissed condemnation of their outburst was discussed at some length after introduction of a resolution by Senator Overman, Democrat, North Carolina, for enforcement of the rule against applause. The discussion got nowhere however, as Senator McLean, Republican, Conn., objected to immediate consideration. There was quite a difference of opinions as to the propriety of letting visitors express opinions with hands and feet altho all seemed agreed that hissing was outrageous.

Until debate begins on the Fall amendments Friday the time of the senate will be given over to the reading of the printed text with speeches by a number of senators including one by Senator New, Republican, Indiana, tomorrow.

Further Senate Discussion of the Industrial Unrest and Steel Strike is Expected Tomorrow in the Senate.

Senator Thomas, Democrat, Colorado, today introduced a resolution which would put the senate on record as disapproving conspiracies and disturbances to accomplish objects by force or disorder, denouncing the "closed shop" as tyrannous and un-American and deplored "strikes for power."

The senator plans to call up the resolution tomorrow.

U. S. CASUALTIES NOW TOTAL 322,182

WASHINGTON, Sept. 23.—The cost of the war to the U. S. in man power is now estimated officially at 116,492 dead and 205,590 wounded, a total of 322,182. These figures include losses to army and marine units on all fronts to Sept. 1. Killed in action totaled 35,585, or 11 per cent of the entire list; died of wounds, 14,742; died of disease, 58,073; died of accident and other causes 8,092. Under the head of "missing" the announcement records a zero with the notation "all corrected."

SUSPEND OPERATIONS

Pana, Ill., Sept. 23.—Operations of the Chicago & Illinois Midland Railroad coal and passenger line from Compro to Taylorville have been suspended indefinitely it was announced to-night by John F. Glechrist, president of the line. This action he stated, followed efforts of the company to break a trainmen's strike inaugurated August 22.

FRIEND OF T. R. DEAD

Deathwood, S. D., Sept. 23.—Seath Bullock, lifelong personal friend of the late Theodore Roosevelt, died at his home here this morning after an illness of several weeks. He was a pioneer of the Black Hills and was 62 years old.

RETURN MORE INDICTMENTS

Chicago, Sept. 23.—Nine indictments for murder and 103 lesser charges have been returned as a result of the recent race riots here, according to a report made public today by Maclay Hoyne, state's attorney in tonight.

REPUBLICANS IN CONTROL

Have Margin of Three in First Test Vote.

Win First Skirmish of Senate Procedure on Peace Treaty Fight.

WASHINGTON, Sept. 23.—Republicans took actual control of the peace treaty procedure in the senate today by a three vote margin.

The first test in the fight being waged about the pact, with its league of nations covenant came on a motion by Chairman Lodge of the foreign relations committee to postpone for one week consideration of some forty odd amendments which would relieve the United States from service on commissions created under the treaty. The formal motion, with a fixed date, was put before the senate after the vice president had sustained a point or order by Senator Hitchcock leader of the administration forces for ratification against a motion for indefinite consideration and it was adopted, 43 to 40. The motion, not of itself important, was accepted tonight by opponents of the league as the best possible index of the attitude of the senate toward the treaty and the covenant. Democratic leaders declared it meant nothing.

Follow Party Lines.

Except in three instances the vote, on which the ayes and nays were demanded by Senator Hitchcock, followed party lines. Senator Jones of Washington and Senator McCumber of North Dakota, both Republicans, voted against the motion, and Senator Reed, Democrat of Missouri voted for it.

Ten senators were paired, and three—Gore, Oklahoma; King, Utah, and Shields, Tennessee—abstained and not voting, were not paired.

Little Excitement.

The little flurry over the Lodge motion was the only excitement during the two hour consideration of the treaty which was not taken up until three o'clock because of a parliamentary wrangle. Senator Lodge called it up at two o'clock, the regulation hour, but the fight over a senate rule was still running wild, when Senator Hitchcock cut it short by a demand for reading of the treaty.

There was no speech-making and late in the day the crowds in the galleries, listening to the monotonous reading looked down and saw only two senators—Hitchcock and Brandegee, Republican of Connecticut in the chamber. Others flitted back and forth, but few sat thru the reading.

One Man Killed, Five Others Closing of Many Additional Plants Reported.

Officials Fear More Serious Out-breaks—State Guards in Control of City.

FARRELL, Pa., Sept. 23.—Senseless rioting here tonight resulted in the killing of one man, the wounding of three others by rifle bullets and the injuring of two other persons. The outbreak, which followed that of last night and early today, occurred when twenty state troopers attempted to disperse a crowd of strikers and their sympathizers in the heart of the business district. The troopers in attempting to scatter the mob were assaulted with bricks and missiles. Finally several shots were directed at the state policemen, and they were ordered to open fire. Five or six volleys were fired, it is said, most of them in the air. The crowd scattered and four men were found shot in the street.

One of the men, John Bandzek, said to be a striker, was killed instantly. One of the injured was rushed to the Buhl Hospital in Sharon with a bullet wound thru the neck. He is not expected to live.

Among the other injured is Elia Echo. She was shot in the hip by a bullet.

Two Badly Battered

Two men with badly battered heads were lodged in jail. Both were found armed, the police say. While the borough quieted down following the shooting there is great tension, and more serious outbreaks are feared.

James Gibson, sheriff of Mercer county, tonight swore in a large number of deputies. Local police and state troopers were stationed to-night on every street corner along the main street and every person that came along was searched for firearms. Ten men were arrested for carrying pistols.

One of the men, John Bandzek, said to be a striker, was killed instantly. One of the injured was rushed to the Buhl Hospital in Sharon with a bullet wound thru the neck. He is not expected to live.

Among the other injured is Elia Echo. She was shot in the hip by a bullet.

Two MARINES KILLED IN HAITI

Washington, Sept. 23.—Gunner Sergeant Harry Ruble, of Sugar Grove, Ohio, and Corporal Frank Sampson of Minneapolis United States marine corps were killed in Haiti, September 21, when a detachment of marines fired on a squad of constabulary to which the two men were attached. The constabulary unit, the navy department was informed today, was mistaken for a bandit party.

At South Chicago a few men patrolled the silent mills as fire guards and at Indiana Harbor the banked fires smoldered and thin wisps of smoke curled lazily from the tall stacks.

The National committee for organizing iron and steel workers will meet here tomorrow for the purpose of discussing strike progress and making arrangements for prolonging the struggle.

Foster Issues Statement.

Mr. Foster said tonight that the committee had not been called to discuss any peace plans, but would devote its time to problems that have arisen as a result of the strike.

The first matter to be taken up will be that of the unprovoked attack of the state troops upon innocent strikers," said Mr. Foster. "They cannot get away with such actions much longer. We are going to demand that the troopers be taken out of the district or their activities curbed."

Mr. Foster said steel workers were being arrested at Duquesne for being out on strike and fined when they refused to return to work.

The matter of financing the strike will also be taken up at the meeting, Mr. Foster said.

"We are going to prepare to fight to the bitter end," he added. "It is to be a long struggle we will be ready. It is a fight for industrial democracy and the workers are determined to stick."

SEARCH FOR STOLEN MONEY

Article Ten of League of Nations Discussed by Lewis.

Peoria, Ill., Sept. 23.—That article ten of the league of nations covenant was not originated at the Paris peace conference was asserted by former Senator James Hamilton Lewis, speaking here tonight under the auspices of the American Legion in reply to statements by Senators Johnson and Borah.

The expression providing for the prevention of external aggression, Mr. Lewis declared, was written by Woodrow Wilson years before the European peace meeting to carry out the Monroe Doctrine and "particularly to prevent the invasions of certain large countries in South America over certain smaller ones which were then under threat of external aggression."

LARGE REGISTRATION

Champaign, Ill., Sept. 23.—A record registration of students at the University of Illinois began yesterday with a total of 3,304. This with today's enrollment assured a total of more than 6,000 students this year. This year's enrollment exceeds the previous high record of 1916.

WRESTLING MATCH

Rockford, Ill., Sept. 23.—Marion Pestana, Chicago, won two falls from John Iwakowich, Chicago, in a wrestling match here tonight.

WILSON REPLIES TO PROPOSED AMENDMENTS TO TREATY

SALT LAKE CITY, Utah, Sept. 23.—Replying directly to senate proposals to write reservations into ratification of the peace treaty, President Wilson declared in an address in the Mormon tabernacle here tonight that the proposals would "cut the heart" out of the league of nations.

Before a great crowd which repeatedly cheered his utterances, Mr. Wilson read a proposed reservation under which the United States would "assume no responsibility" to protect the integrity of foreign governments under article ten. Such a reservation, he asserted, would relieve the United States of a part of its just responsibility. Does the United States want to be in on that special footing? asked the president and there was a great shout of "no" from the crowd. Answering objections that under article ten the United States might be called into the Balkan controversy, the president said:

"If you want to put out a fire in Utah, you don't go to Oklahoma for the fire engine, and if you want to put out a fire in the Balkans, you don't send to the United States for troops."

The choice would be made, he said from "the most suitable and most available" forces and the decision would be made with the consent of all nations concerned.

Should the controversy spread so that the aid of the United States would be necessary, he said, then it would be so serious a situation that this nation would get in any way, league or no league.

To adopt such a reservation, continued Mr. Wilson, was not to interpret the covenant offered the United States would be necessary, but would constitute an "absolute withdrawal" from the responsibilities of article ten and consequently a rejection for the treaty.

He added that he had no notion of reflecting upon the public men who were aiding the opposition but he declared they were pleasing Germany by their attitude. Through certain channels open to the government, he knew that Germany was praying that the United States would stay out of the League. Every previous treaty, said the president, had been a division of spoils, while the present document was "an absolute renunciation of spoils."

Through the people, the president said, he was appealing to senators to take a second thought if they intended to write into the treaty any such reservation as he had quoted.

The president also discussed the Shantung provision, repeating his previous statements that the covenant offered the best hope for China's interests. He asked his hearers to make their moral judgment that the thing for America to do was to redeem the pledge by accepting the treaty.

NEWS VERSUS GOSSIP

Many readers of newspapers in nearly all communities complain because this item or that item concerning this person or that person was not given printed publicity. All editors have people to contend with who are exasperated because a roast is not handed out to this one or that one, who may have limped by the wayside, or because certain scandals are not mercilessly aired through the printed page. The average editor is the most considerate and patient man in his neighborhood. Generally he will not record unsavory events until, because of legal proceedings touching them, they become proper and essential matters of news. He sends forth such things then, not so much from a desire to burn some fellow mortal to the soul, but from a desire to set forth the facts to offset the garbled word-of-mouth statements, in other words the malicious scandals set afloat. The days of yellow newspapering are gone, the days of high-minded and considerate journalism are at hand.

SHOWER BATHS ON THE FARM

In view of the statement of Col. Arthur Woods, who is head of the government work of re-employment of discharged soldiers and sailors, that 98.2 per cent of former farm workers are returning straight to the farm, another report has particular interest.

That is the announcement from many quarters that these soldier-farmers are demanding improved living conditions on the farm. In fact, they are apparently placing shower baths and well ventilated sleeping quarters ahead of high wages in importance.

It is said that fully 80 per cent of the men who have returned to farm work are taking a firm stand for decent and comfortable living quarters with full sanitary equipment.

This is going to be a fine thing for the farm of the future—not to mention the farm worker. It would take a smaller percentage than 80 to bring about a radical change in living conditions in the rural district. It stands to reason that a farmer who puts in shower baths for his hired men going to do as much for his own family before very long. The up-to-date farmer takes excellent care of his livestock and machinery. They are well housed, kept clean and in good condition. It is

REMEMBER OCTOBER 10th

Every citizen of Jacksonville who desires the future prosperity of the community should rejoice at the opportunity to be given on Tuesday, October 10th to vote for the issuance of bonds for funding the floating debt and the building of a filtration plant. The latter is for the purpose of getting the fullest possible results from the impounding reservoir now nearing completion, to make the water usable for all purposes.

To make it sanitary, fit to drink. There is no one thing that will tend more to build up the city. It has been the great need for years, to have a healthful, almost unlimited supply of pure water. From the standpoint of health alone it will be a boon to thousands who now use wells that are contaminated for their supply of drinking water.

Bear it in mind although the date of the election is some weeks in the future. Let all remember that Tuesday, October 10th is the date when Jacksonville may be given her greatest boost toward permanent prosperity.

DESERT OR TOWN

There is one man who has beaten the high cost of living. His name is William Pester, and he has lived in the California desert for 12 years. In all that time his living has not cost him a cent.

He came to this country from Saxony 13 years ago, because he had heard that America was the land of opportunity. For a year he hunted a job and could not get one. Then he decided to try living without money or resources of any kind, took to the desert, built a shack of poles and leaves, and proceeded to live on fruits and drink water only. By weaving baskets he made a little money which he spent for a ticket to New York, where he now is, advocating the simple life, and trying to start an exodus to the great tracts of open land in the west.

Of course one way to dodge the cost of things is to do without them, but probably most people who are straining every nerve to make a little money in town want the things which the money will buy.

Between the eternal struggle of life in the city and the opposite extreme of life in the desert, devoid of very comfort, lies the happy medium attained by the man who owns a home and a little land near town, who raises enough garden stuff, vegetables and small fruits to supply his family, who enjoys the conveniences possible only where there are modern improvements.

WASTED FARM IMPLEMENTS

A note in a recent government news letter, runs to this effect:

"The average farm implement is only about half worn out by use alone. The rest of the wear is due to rust and decay. Make the greatest possible profit out of machinery by using it continuously for profitable work until it is worn out."

This is good advice for all times of the year, but especially timely now when the harvests are in and the farm machinery which was probably used continuously during the farming season must stand idle.

If this machinery, before it is put away for the winter, is carefully overhauled, oiled and repaired, and then properly housed, it will be ready for use next season.

On the contrary, if it is left standing in the barn yard or field unrepaired, unpainted, unsheltered, it will be subject to the rust and decay mentioned above, and the owner will find himself under the unpleasant necessity of replacing it next summer.

Any business man would be horrified at a loss of 50 per cent in any branch of his business. He would call in experts to find the leak which caused such a condition. Similarly the farmers who prefer to make 50 per cent rather than to lose it will take care of his farm machinery in and out of season.

NAVAL OFFICERS' PAY

It develops that the personnel of the big fleet sent to the Pacific is shot to pieces. There are hardly enough men to handle the vessels on a peace basis, not to mention a war basis, and the recruiting is slow and unsatisfactory.

The fault appears to be simply this—the navy cannot compete with private industry in obtaining men.

Naval officers by the score have given in their resignations, and are pleading to have them accepted, because they cannot live on their pay. Every married officer is obliged to maintain two establishments, paying his expenses on shipboard as well as the expenses of his family ashore. The salary scale is said to be much too low for this with present prices, and is also much lower than the present earning power in other occupations of men qualified for naval commissions.

It is the same with enlisted men. The navy is having special difficulty in keeping its skilled mechanics. There is nothing surprising about this when the men's pay is considered. Shipwrights designated as "first class seaman" are paid \$35 a month, when they can get several times that much in private shipbuilding plants.

Even skilled mechanics in the positions of "first class petty officers" are only paid at the rate of \$66.50 a month for shipfitters, \$61 for electricians, \$56 for blacksmiths, \$55.50 for carpenters, \$52 for painters, etc. They have their own living to be sure; but all of them can find more profitable employment elsewhere, on merchant ships or in the communities they come from.

What is to be done about it? It is another manifestation of the grievous rise in the cost of living. It looks as if the navy payroll will have to be revised upward. This would cost a lot of money, and add its weight to the forces boosting the living expenses of the general public.

TIMIDITY OR COURAGE

The Kansas City Star says in an editorial:

At a time of stress like this there is temptation to take a gloomy view of the future. There is unrest and disorder. Tremendous industrial problems appear.

There is no denying the situation offers many disquieting possibilities. There are two ways of facing them. One is the way of timidity, the other the way of courage.

Prof. William James, the psychologist, classified human beings in two groups—the tender minded and the tough minded. The tender minded, he said, were those who wanted a guarantee of safety before coming into the world. They would be wretched unless they could get somewhere an absolute assurance that the world was foreordained to come out right. The tough minded were those who looked on life as a great adventure which they faced with enthusiasm. They recognized a chance that things might go wrong. But they were willing to take that chance. All they asked was a fair field and an opportunity to fight for what they believed in.

In this sort of an epoch, with many of the ancient landmarks crumbling, the tender minded are

apt to give way to panic. The tough minded feel the joy of high adventure.

They do not complain because the process of evolution has not progressed further. They do not

sob themselves to sleep because the world is not perfect, because it has not settled down in a final state of bliss. They face facts as they find them. They work with the tools at hand. They expect to play a man's part in the world as it exists today.

The bulk of Americans are in the tough minded class. They do not sit down and wring their hands in the presence of difficulties. They meet them with the strength of the strong man in the job worthy of his mettle.

Rippling Rhymes

By Walt Mason

The Other Side.

All day I sit around and weep because the prices are so steep. Whatever thing I have to buy, a pup, a pencil or a pie, a quilt, a quagga or a quince, the price I'm touched for makes me wince. And so, by rising prices pinched, I cry, "Let profiteers be lynched." And all the neighbors on the block endorse this drastic sort of talk. They say, "That is the proper dope you bring a tree, we'll fetch a rope." But this thing has another side, which cannot fairly be denied. I am forgetting, when I yell, the price of things I have to sell. I have an old flea-bitten hen that lays each morning in her den; and when I go, on buoyant legs, to sell her luscious, germ-proof eggs, all neatly packed in crate or tierce, the price I get is something fierce. I have an ancient rhinoceros cow, with antlers growing on her brow; she springs, each day, a peck of milk; that's why my wife is wearing silk. I sell the milk by pint and quart, and take in coins of every sort. In those grand times that I lament, the old cow didn't make a cent. Sometimes I fear when prices fall I'll still rear up and wildly haw; if things I sell are going cheap, I don't believe I'll cease to weep.

PUBLIC SALE

I will hold a closing out sale of horses, cattle, hogs, implements, and grain, etc., October 1.

H. H. RICHARDSON

A VISIT TO IOWA

Henry Maul of the vicinity of Areadie was in town yesterday. He said he had recently returned from a somewhat extended tour of Iowa and was much pleased with the Hawkeye state. He says their corn crop will compare very favorably with that of Illinois and is possibly better. Their fruit crop is mostly a failure but their good roads were the especial delight of the visitor. In the parts visited by Mr. Maul the roads follow the section lines which is very desirable and are kept in fine condition.

Social Events

Mrs. Eb Spink Entertains

Working Division of Ladies Aid.
Mrs. Eb Spink was hostess Tuesday afternoon to members of the working division of the Ladies Aid of Congregational church. It is the custom of these ladies to meet once a month with the various members to enjoy a social hour and engage in sewing or fancy work. The meeting Tuesday afternoon was well attended and the occasion proved a most pleasant one. During the hours the hostess served delicious refreshments.

Trinity Guild Held Meeting.

A meeting of the Trinity Guild was held at the Parish house Tuesday afternoon with a good attendance. Mrs. Charles Brown presided and the Guild made definite plans for the work of the coming year. There was much enthusiasm among the members looking forward to the completion of the new church edifice.

Mothers and Friends Association Meets.

The Mothers and Friends Association held their social at Mrs. R. Y. Dye's Tuesday afternoon with assistant hostesses Mrs. Leitz, Mrs. Farrington and Mrs. Davenport. Music was furnished by Miss Thelma Swaberg and Miss Beatrice Dye. Prizes were won by Mrs. Callendar, Mrs. Swales and Mrs. McCarty. There were about thirty present. Refreshments were served. The next regular business meeting will be held with Mrs. W. O. Swales on Clay avenue, Oct. 7th.

Mrs. Elliott Hostess to Household Science Club.

Mrs. Frank Elliott was hostess to the Household Science club at her home 1101 West State street Tuesday afternoon. It was the first meeting of the year and there was a goodly representation of club members and several guests. The paper of the afternoon was presented by Mrs. W. J. Jones whose subject was "Bird Architecture and Domestic Life." The paper was carefully prepared and proved most interesting to the members. Mrs. Elliott served refreshments and a social hour followed the program.

Pre-Nuptial Party

About forty young ladies were very pleasantly entertained by

Misses Kate Hoban, Josephine Foley and Myrtle Sargent at the Hoban home Monday evening in honor of Miss Mayme Hegarty, who is soon to become the bride of Charles Devlin. The house was very tastefully decorated in pink and white, that being the color scheme. The evening was spent in contests and music. The prizes being won by Miss Marie Sloan of Peoria and Miss Nellie Foley. The bride-to-be received quite a number of nice as well as useful articles.

Surprise Party for Miss Frona Henry.

A very pleasant time was spent at the Household Science club at her home 1101 West State street Tuesday afternoon. It was the first meeting of the year and there was a goodly representation of club members and several guests. The paper of the afternoon was presented by Mrs. W. J. Jones whose subject was "Bird Architecture and Domestic Life." The paper was carefully prepared and proved most interesting to the members. Mrs. Elliott served refreshments and a social hour followed the program.

Those present were Misses Hilda Cox, Letha Hellwell, Ruth Shirley, Nellie Lonergan, Elvira Lonergan, Georgia Lashmet, Gladys Hembray, Bernice Cox, Daisy Bolton, Rosaline Lonergan, Elizabeth Doolin, Irene Kelly, Mildred Ellington, Winona Henry, Margaret Lonergan, Oleta Kelly, Mildred Grimsley, Retha, Frona, and Mae Henry, Messrs. John Lonergan, Alton Seymour, Oliver and Lawrence Sooy, Deitrick Henry, Louis Lonergan, Ralph Henry, Franklin Virgin, Dwight Seymour, Wesley Daugherty, Tom Lonergan, Harry Mason, Lester Jackson, Herbert Barker, Raleigh Crawford, Everett Rogers.

East Side Tuesday Club Hostess To Straw's Crossing Club.

The East Side Tuesday Club held its first meeting of the club year, yesterday afternoon at the home of Mrs. Ben Lurton, 1719 South Main street. The club always holds its first meeting with Mrs. Lurton and it has in the past been an outdoor picnic.

This year the club invited the members of the Straw's Crossing club to be their guests. At one o'clock a delightful luncheon was served. This feature was under the direction of the Domestic committee, Mrs. R. C. Singley, chairman, and Mrs. G. R. Bradley, Mrs. T. O. Hardesty, Mrs. L. B. Turner, Miss Winifred Wackerle and Mrs. E. L. Hill.

Following the luncheon Mrs. Lurton served as toastmistress and the following program of toasts and musical numbers were given:

There were about fifty ladies present and the function proved one of the most delightful of the autumn season. The next meeting of the East Side Tuesday club will be held with Mrs. James Kennedy, 1127 West Lafayette avenue.

Entertained at Dinner.

Mr. and Mrs. Roy Mawson entertained a small company at a 6 o'clock dinner Tuesday evening in honor of Miss Vivian Richardson of Edinburg. Six couples were present and the evening was spent with music and dancing.

DEATHS

Younker.

Mrs. Angela Younker died at the home of her daughter, Mrs. Henry Rawlings in the Durbin neighborhood, at 11 o'clock Monday night of diseases incident to old age.

She was born in Neuhaus, Germany, October 27, 1835, and was united in marriage to Frederic Younker, September 2, 1862. He preceded her in death 29 years ago. Two children died in infancy.

The following children survive: Conrad Younker, Granite City; Mrs. Samuel Burchett, Mrs. Henry Rawlings, Albert and Katie Younker, all of this county.

Funeral services will be held from Sacred Heart church on Franklin Thursday morning at 10 o'clock with burial in New Berlin cemetery.

Laverick.

Mrs. Lois M. Laverick of Franklin, died at Our Savior's hospital at 9 o'clock Tuesday morning after an illness of several weeks.

Deceased was the daughter of Mr. and Mrs. James Bond and was born three and one-half miles west of Franklin, April 16, 1876. She was unit in marriage in 1899 to William E. Laverick, who preceded her in death, passing away at Canyon City Colorado in 1915. She is survived by one son Eyrle Laverick of Franklin. She also leaves her parents and three sisters, Mrs. William Challan, Franklin, Mrs. Gertrude Scott Payson and Miss Blanche Bond, Franklin. One sister preceded her in death.

Mrs. Laverick was a faithful member of the M. E. church at Franklin and so long as her health permitted was active in the affairs of the organization. Funeral services will be held from the undertaking parlors of Williamson and Cody Thursday afternoon at 2:30 o'clock.

Funerals

McCall.

Funeral services for Richard L. McCall were held from the Alexander M. E. church at 2 o'clock Tuesday afternoon in charge of the Rev. Mr. Judd of New Berlin. Music was furnished by Mr. and Mrs. Fred Six, Miss Kate Kaiser and Luther Wiley. The flowers were cared for by Mrs. E. C. Strawn, Mrs. C. H. Beerup, Mrs. Bert Davenport and Miss Bessie Elmore.

Burial was in Antioch cemetery, the bearers being Samuel Ruble, Milton Ruble, Samuel Wilcox, Owen Elmore, John Erickson and Ellsworth Mason.

Tindall

Funeral services for Isaac Tindall were held from Antioch church at 2:30 o'clock Tuesday afternoon in charge of the Rev. Mr. French of Virginia. The remains were conveyed from the Williamson & Cody parlors to the church by motor.

Music was furnished by Mrs. George Orear and Mrs. William Barr Brown with Mrs. Roy Fox as accompanist. The flowers were in charge of Mrs. Edward Tindall, Mrs. Gregg Tindall and Mrs. Harry Tindall.

The bearers in the city were C. A. Osborne, T. S. Knole, Richard Hopper, James G. Strawn, C. A. Johnson, Charles R. Knollenberg. At the church they were: Robert Harney, George Newman, C. M. Coons, William Baxter, Andrew Harris, William Walbaum, Charles West and Scott Green.

NEW CASTLE VICTIM DIES

Death Results in Shot Received in Strike Riots.

New Castle, Pa., Sept. 23.—Mrs. Sophia Johnston, who was shot in a strike riot here last night, died in hospital tonight. Twelve other persons who were injured in last night's rioting are expected to recover.

Mrs. Johnston was the wife of a striker. She leaves two adult children.

The city is quiet tonight. All pool rooms and coffee houses were ordered closed and all stores in the strike zone are ordered to remain closed after six o'clock at night. The strikers today withdrew their pickets from all plants in the city in order to avoid further trouble it was said. Fourteen state troopers are assisting the local police and deputies in maintaining order. About two hundred former service men are patrolling the plants.

The Lawrence county jail is filled with 51 alleged rioters. Among them are six women, who are alleged to have carried ice picks when arrested.

ONE KILLE IN BUFFALO When Police Open Fire on 3,000 Strikers.

MAJESTIC TO START NEW SERIAL FRIDAY
"Elmo, the Mighty" Will Commence This Week For Run of Eighteen Weeks—Special Bill Tomorrow.

G. M. Luttrell, of the Majestic Theater, the man who introduced and made popular the serial story films in Jacksonville, announces another strong "Universal" to begin this week Friday, to run eighteen weeks. The title is "Timmo, the Mighty," and stars Elmo Lincoln, the man who electrified the country with his great portrayal of "Tarzan," in "Tarzan of the Apes," and also carried to a wonderful success the part of the mighty Belgian blacksmith in "The Kaiser, the Beast of Berlin." "Elmo, the Mighty" is a tremendous serial, one with tense dramatic action, that will keep the chills chasing up and down the spine so electrical are its different scenes, and there is pathos and fun. With Elmo Lincoln is starred the beautiful Grace Cundard, whose daring feats and brilliant acting have made her the idol of millions. "Elmo, the Great" is a story of love between a giant forest ranger and a charming girl, and is replete with nerve tingling situations, attacks, rescues and marvelous stunts.

The Majestic's special for tomorrow is "The Turn in the Road," based on the novel by King W. Vidor, and is a beautiful story of human love, devotion and sacrifice.

TWO AUTO PARTIES

Yesterday morning two auto parties, one consisting of four cars and one of three, passed thru the city enroute home to California after a visit to the east. They were well equipped for traveling and having a good time generally.

SAY! WHEN DO WE EAT?

You'll find the Fellows Who Have Learned to Use Stuart's Dyspepsia Tablets Right on the Job for Work, Play or Food.

Dyspepsia or indigestion may follow a glass of milk as easily as

"Since You've Been Using Stuart's Dyspepsia Tablets, you Eat Just Like a Doughboy." A plate of bacon and eggs. Today you may eat heartily and feel fine. Tomorrow you may bolt a glass of milk and two crackers and get a stomach full of gas, sour risings, biliousness, a feeling of bloated heaviness and other distress. Indigestion is a fault from infancy to old age, no matter what you eat, so the thing to consider is how you may eat freely, yet stay with it fine and not suffer any of those distresses of indigestion. Stuart's Dyspepsia Tablets have solved this problem for a host of people.

In fact, they are so well known that many physicians prescribe them for indigestion, dyspepsia and other digestive disorders. They contain ingredients which act with an alkaline effect, just as the stomach does in perfect health. Thus you may eat those foods you may have denied yourself, for fear of distress. Get a 50-cent box of Stuart's Dyspepsia Tablets at any drug store, and there will be no thought of trouble after eating. Try this harmless plan of enjoying life.—Adv.

You Need an Oil Heating Stove Right Now

to take the chill off the rooms these cool mornings and evenings. Don't cost much to run one an hour or so, and will add greatly to the family's comfort.

The Gem Oil Heater

is a stove we can heartily recommend. A neat looking stove, nickel trimmed. Has indicator to show amount of oil in tank; mica window, sets up on legs, some supplied with rollers. A nobby heater, offered in two sizes.

A Nice Line of Laundry Stoves, Too.

Live Money

Money hoarded up in your home is dead.

Money put into the savings bank is alive. It does not lie there as a dead lump. It keeps moving. It is invested in the very best securities. It is watched over by expert care. IT IS NOT A DEAD THING LIKE A STONE, BUT A LIVE THING LIKE A TREE. And the fruit thereof is yours.

F. G. Farrell & Co.
Bankers

IN THE RAILWAY WORLD

Chicago & Alton officials have compiled the reports on loaded cars moved during "cleanup" day Sunday and were surprised to find that the number aggregated 2,490 or sixty trains, averaging forty loads. Seldom, if ever, was this total ever reached in a single day. These figures do not include the western division as reports were not received here giving the showing upon the Missouri lines. It is presumed that approximately 1,000 loads were handled on the

Phones 800

western division. The most remarkable showing was made at Venice. During the 24 hours of Sunday, 20 trains were made up and departed from that terminal, ten coming to Bloomington and the remainder being divided up between Springfield, Peoria and Rockford. The indications are that this heavy business will be continued until checked by a possible strike of the coal miners. The steel strike may also have a deterrent effect upon business as the rolling mills consume large quantities of coal. The Alton officials are endeavoring to gauge future business in order to regulate operating expenses. They are closely watching the reports from the steel strike and the coal mining situation and will take steps that developing conditions warrant.

Clerks Complete Strike Vote.
Clerks of the Chicago & Alton system have just completed a strike vote. They have also approved a referendum proposition submitted, which provides for a salaried chairman, the same as the trainmen and conductors. The strike vote was taken to give authority to J. J. Foster, of Washington, D. C., grand president of the Brotherhood of Railway Clerks and Freight Handlers, to call a strike in the event that a proposed increase in pay and improved working conditions are not granted. While no statement was given out, it is understood that there were few dissenting votes.

The vote taken on the Alton is similar to that being taken on all other roads of the United States. There are 280,000 members of the clerks and freight handlers' union. While nothing has been given out concerning the selection of a salaried chairman, it is believed here that the choice will fall upon E. C. Schultz, the present general chairman, whose headquarters are in East St. Louis. It is expected that several candidates will be presented by the various locals and the one receiving a majority will be appointed.

To Reduce Freight Claims.
A pamphlet has been distribut-

ed among Chicago and Alton employees, containing a new code of rules, regulations and instructions, in the effort of the management to minimize the loss and damage freight claims. There are chapters showing methods of inspection and preparation of cars for merchandise and team track loading; for checking, handling and stowing package freight; instructions for checking, handling and stowing package freight; instructions for check clerks and tallymen; handling of waybills; sealing and carding of cars; to create co-operation and interest upon the part of warehouse and station employees; specializing with various commodities and shippers; handling of (over, refused, unclaimed and salvage) freight; disposition; meat and packing house products; handling of freight involved in accidents; peddled merchandise robbed in transit; grain shipments; claims for loss; live stock handling and disposition of damaged goods. The Alton management is making a strenuous and commendable effort to reduce the number of freight claims, and, after an eight month campaign, beginning to get results. Freight claims have aggregated \$700,000, a total of 15,700 being filed. The claims are largely from meat, grain and live stock. The showing for the past four months is about \$150,000 less than for the preceding similar period.

Was Costly Pile Up.
The freight claim department of the Chicago and Alton has completed the estimate of damage to freight in the pileup of train #8 two miles west of Mexico, Mo., last week. A loose wheel derailed ten cars of meat; a car of California canned fruit; and a car of cabbage. The cars left the track on a high trestle and plunged into the ravine, running the property loss up to \$30,000, the worst disaster of this kind reported on the "Only Way" in many years. No one was injured, the traffic was delayed. The location of the mishap and the complete destruction of the cars and contents, ran up the property loss to a serious figure.

A car of meat on second 88 was derailed at Larrabee, Mo., at 7 a.m. Monday, delaying traffic for several hours.

Do not miss the one cent sale at Luly-Davis Drug Co.

WILL ENTER WASHING-TON UNIVERSITY

Verans Coover, son of P. V. Coover of this city and Joseph Dunscombe of Sullivan, both students at Illinois College last year, have gone to St. Louis to enter Washington University. Mr. Coover will study architecture and Dunscombe will take a course in commerce and finance.

KNIGHTS OF PYTHIAS GIVE RANK OF ESQUIRE

Was Conferred at Regular Meeting Tuesday Evening—Talked of Roodhouse Trip.

Jacksonville Lodge No. 152 Knights of Pythias at the regular meeting held Tuesday evening conferred the rank of Esquire on E. J. McDowell.

The Roodhouse trip was also discussed and the members displayed great enthusiasm. It is probable that a large number of members of both lodges will make the trip Thursday evening.

The members will go by automobile as the roads are in good shape and if they are not the trip will be made over the Chicago & Alton. In this case the return will be on the Hummer at 2 o'clock.

Big Lot of HAY FEVER JOKES

But Kentucky Man Says—"People Who Belong to Hay Fever Society are Kidding Themselves."

Wouldn't Be Any Rose or Hay Ever if Simple Home Remedy was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city.

"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

Representative Garner of Texas called attention to the fact that at present all departmental estimates are submitted to congress thru the secretary of the treasury.

"But under the present system nobody does any revising," Gov. Lowden said. "If you required the president to do that, then you would be able to fix responsibility upon him."

Gov. Lowden's statement about results achieved in Illinois thru the consolidation of 125 boards and commissions into nine departments with a budget controlled by the governor aroused considerable interest.

In reply to questions, Gov. Lowden said the efficiency of the service had been vastly improved and that in the last four years appropriations in Illinois had increased only about one-third, a smaller increase than in any other state.

Explains Illinois System.

Explaining in a general way the system established in Illinois, Gov. Lowden said:

"The activities of government have increased rapidly during recent years. Usually in Illinois, as elsewhere when some new function of government was taken on, new commission or board of independent officials was created to discharge that function.

"This had gone on until we had something like 125 commissions all acting independently of one another. As a result there was much overlapping of activities, frequent friction, competition in purchases, an entire lack of coordination.

"Anything like adequate supervision by the governor was, of course, impossible. Extravagances and inefficiency were inevitable. Upon a survey of these many activities it was found, as we thought, that they naturally fell into nine groups, and they were so classified. We then bodily abolished these numerous boards, and substituted for them nine departments, with an individual—not a board or commission—at the head of each of these departments.

Provides Finance System.

"Among the departments so created is the department of finance. That department was charged with the duty of providing for a uniform system of book-keeping, accounting and reporting; it was to exercise a general supervision over the finances of the state; it was required to approve or disapprove bills, vouchers, and claims for payment of the several departments.

"It was also its duty to prepare and report to the governor esti-

mates of the income and revenue of the state. It was also its duty to prepare a budget to be submitted to the governor before each session of the assembly.

"Each department, office, and institution was required not later than the first day of November to file in the office of the director of finance an estimate of receipts and expenditure for the succeeding appropriation period.

"The director of finance may approve, disapprove or alter the estimates of any of them.

How Budget Is Prepared.

"Obviously the department of finance is from the beginning of any fiscal year discharging the duties of a budget commission. Our department of finance on July 1 begins in the preparation of the budget for the next biennium, being by virtue of its power of scrutinizing accounts and of going into accounts, and because of the requirement that it shall approve vouchers upon appropriations before they are paid, it must day by day be acquiring the information which is required for the initiation and preparation of the budget for the next biennium. Our legislature meets once in two years and therefore we appropriate for two years at a time.

"In accordance with the provisions of our civil administrative code a budget was prepared and submitted to our general assembly, which met in January last. We have but one appropriation committee in either house. Bills were prepared in accordance with the budget thus submitted and were considered by the appropriation committee. In every substantial respect the committee adopted the recommendations of the budget and the general assembly ratified their action. There can be no question that the general assembly was able to give a more intelligent consideration to the appropriations than was possible under the old system."

New Job for Bureau.

He declared that in order to make the system effective it might be well to remove some of the "spending bureaus" from the jurisdiction of the treasury and make the duty of that department primarily to keep the expenses of the government down.

"A public official may be the best man on earth, but what he thinking constantly of what he can do to help the public thru his particular department," Gov. Lowden said. "The director of finance in Illinois is on the other side of the fence, and is thinking only of keeping expenses down.

"Similarly under a budget system the secretary of the treasury could exercise control over the requests for appropriations by the various departments. It would not do to place the budget authority in any official of lesser rank than a cabinet member, because a cabinet member otherwise would find a way to sidetrack his recommendations."

Cites Danger for Good Plan.
Representative Good asked Gov. Lowden's views on the proposal for a budget staff appointed by the president for a long period of years, under which system a budget might be prepared by officials who were not the appointees of the president then in office.

"I think that might be dangerous," Gov. Lowden replied. "A lot of people try to work out a system by which an independent body is created responsible to nobody. But that isn't the way things are done. You have got to make somebody responsible and then hold them to the responsibility."

Representative Garner of Texas called attention to the fact that at present all departmental estimates are submitted to congress thru the secretary of the treasury.

"But under the present system nobody does any revising," Gov. Lowden said. "If you required the president to do that, then you would be able to fix responsibility upon him."

Gov. Lowden's statement about results achieved in Illinois thru the consolidation of 125 boards and commissions into nine departments with a budget controlled by the governor aroused considerable interest.

In reply to questions, Gov. Lowden said the efficiency of the service had been vastly improved and that in the last four years appropriations in Illinois had increased only about one-third, a smaller increase than in any other state.

Explains Illinois System.

Explaining in a general way the system established in Illinois, Gov. Lowden said:

"The activities of government have increased rapidly during recent years. Usually in Illinois, as elsewhere when some new function of government was taken on, new commission or board of independent officials was created to discharge that function.

"This had gone on until we had something like 125 commissions all acting independently of one another. As a result there was much overlapping of activities, frequent friction, competition in purchases, an entire lack of coordination.

"Anything like adequate supervision by the governor was, of course, impossible. Extravagances and inefficiency were inevitable. Upon a survey of these many activities it was found, as we thought, that they naturally fell into nine groups, and they were so classified. We then bodily abolished these numerous boards, and substituted for them nine departments, with an individual—not a board or commission—at the head of each of these departments.

Provides Finance System.

"Among the departments so created is the department of finance. That department was charged with the duty of providing for a uniform system of book-keeping, accounting and reporting; it was to exercise a general supervision over the finances of the state; it was required to approve or disapprove bills, vouchers, and claims for payment of the several departments.

"It was also its duty to prepare and report to the governor esti-

FRED WHARTON WEDS MISS MARJORIE ESTES

Well Known Young People Married in Springfield Sunday—Will Reside in This City.

The many friends of Fred Wharton and Miss Marjorie Estes will be surprised to learn of their marriage which occurred in Springfield Sunday morning.

The bride is the daughter of Mrs. F. B. Estes, supervisor of nurses at Jacksonville State hospital. She came here from Harrisburg in 1914 and is a graduate of the Jacksonville high school in the class of 1918. Since that time she has been employed as stenographer at the state hospital.

The groom is the son of Mrs. Alfred Wharton of 808 South Church street. He is district manager of the States Auto Insurance company and recently assumed a position with J. Capps & Sons.

The young people have many friends here who will unite in wishing them a happy married life.

Students and others are buying Sweaters of FRANK BYRNS Hat Store where many desirable styles are shown at most reasonable prices.

ILLINI LODGE I. O. O. F. INITIATED CANDIDATES

Four Members Given Initiatory Degree—Large Number Present—J. S. Magill a Visitor.

Four candidates were given the initiatory degree at the regular meeting of Illini Lodge No. 4 I. O. O. F. Tuesday evening. The candidates were: French Forwood, Theodore Forwood, Nelson L. Gruber and Earl D. Gruber.

Seven other applications were balloted upon favorably and will be given the initiatory degree at an early meeting.

There was a large attendance after the heated summer months and indications point to a season of unusual activity during the fall and winter months. Enthusiasm was apparent at the meeting last night and the members are working together in such a manner as augurs good results.

John S. Magill of Charleston, one of the veteran members of Illini, is visiting in the city and took the opportunity to visit his home lodge on this occasion.

A cordial letter was read from the Morgan County Chapter of the Red Cross expressing appreciation for the use of the lodge rooms for quarters for women workers during the war period.

On every hand was heard expressions predicting that a great gathering of members will result from the campaign for membership. A spirit of vim and vigor pervaded the lodge room. The financial status of the lodge as shown by the trustees' report was very encouraging.

In fact during the war period, Illini, in common with many lodges had to meet many depressing conditions, but the dawn of a new day is at hand.

Not for years has the balance sheet of the lodge shown such a marked increase in her income. Following the business session and work refreshments were served.

TO MAKE MEMORIAL OF GOV. DUNCAN HOME

Rev. James Caldwell Chapter D. A. R. Appoint Committee Looking Toward That End—Plan Suggested by H. H. Bancroft.

At the regular meeting of Rev. James Caldwell Chapter D. A. R. held with Mrs. E. P. Kirby, No. 4 Duncan Place Tuesday afternoon a committee was appointed to investigate the feasibility of preserving the home of Governor Joseph Duncan as a historic memorial. A number of pleasing vocal numbers were given by Mrs. Wm. Barry Brown.

Horace H. Bancroft spoke to the members of the chapter on "Governor Joseph Duncan, His Life and Public Service." Mr. Bancroft who is a splendid speaker and especially on matters pertaining to Illinois history was a member of the Centennial committee last year and as such came in close contact with early history of Illinois.

The speaker paid a beautiful tribute to Governor Duncan, one of the early executives of the state. During his address he suggested the desirability of preserving the Duncan homestead in which the meeting was held as a memorial of the pioneer governor.

The members of the chapter were so impressed with the suggestion that it was voted unanimously to appoint a committee to investigate the matter and report at a future meeting.

While it is realized that such an undertaking would be impossible for the chapter to handle alone it is the intention to ask other clubs and societies to cooperate in the matter and thus attain the desired end.

In Adams county the home of Governor Woods was recently taken over to be preserved as a memorial. In this instance marble tablets containing the names of prominent citizens of Adams county were sold and in this manner the necessary funds secured for permanent maintenance.

While definite plans will not be worked out until it is assured that the Duncan home can be preserved it is the intention to make it a memorial museum for the placing of historical relics and associated with the history of Jacksonville and Morgan county.

The Duncan home is a beautiful place ideally located and one that would make a splendid memorial. It is to be hoped that sufficient interest will be aroused to carry the plan to a successful culmination.

Comparison of styles, qualities and prices of Ladies' Furs are invited. FRANK BYRNS Hat Store.

J. S. MAGILL HERE

J. S. Magill has been visiting Jacksonville a few days and expected to leave today for his place in the Old People's Odd Fellows home in Mattoon. Certainly they must take good care of the residents of that place for every time Mr. Magill visits Jacksonville he seems to look a little younger than before. He speaks in high terms of the management and says all reasonably possible is done for the welfare and happiness of the people who live there. He will be 83 at his next birthday and says he was badly used up twice in accidents when he was express messenger but he is still wonderfully hale and hearty.

Fall style Hats for men of all ages. FRANK BYRNS Hat Store.

INTERSTATE TRAVELERS

F. R. Roe, wife and daughter of Grand Junction, Colorado, drove thru the city yesterday in their car enroute to places in Indiana, Ohio and Michigan. Their final destination is Ann Arbor where they expect to enter the young people in the state university.

ENTERTAINS FOR MISS HAINSFURTHER

Trousseau Shower Given For Bride-To-Be—Other News of Winchester and Vicinity.

Winchester, Sept. 23.—Miss Dorothy Hainsfurther entertained a number of young ladies at her home Monday afternoon in honor of her cousin, Miss Beatrice Hainsfurther, who is soon to be married. The party was in the nature of a trousseau shower. The guests enjoyed bridge whist during the afternoon. The hostess served delicious refreshments.

News Notes.

Mrs. A. T. Grout and Miss Mary Woodall are visitors in Chicago this week.

Mrs. Albert Hainsfurther left Tuesday afternoon for St. Louis to join her husband and son, Albert, Jr., expects to enter Washington University at St. Louis this fall. The school opens Wednesday.

Mr. and Mrs. J. C. Grout expect to leave for Chicago Wednesday night.

Mrs. E. J. Frost has returned home from St. Louis to which place she accompanied her daughter Miss Louise Frost, who continued on to New York City for a short business trip.

Mr. and Mrs. Edward Kendall, Mrs. Clarence McCleod and Miss Winifred Ashley of Bluff, were Winchester visitors Tuesday.

Guy Faul and Jesse Overton were business visitors in Jerseyville, Tuesday.

O. C. McCain expects to leave Wednesday for Terre Haute, Ind., to visit his mother, Mrs. O. P. McCain, who is in her ninetieth year.

MOTOR TRIP TO DECATUR.

Mr. and Mrs. R. M. Goltra of west of the city and parents, Mr. and Mrs. J. C. Goltra of Los Angeles, Cal., returned Tuesday from a pleasant auto motor trip to Decatur where they visited at the home of Mr. and Mrs. W. P. Morris.

POULTRY SHOW TO BE HELD IN NOVEMBER

Meeting of Poultry Association Held Tuesday Evening and Date Set for Annual Exhibit.

A meeting of the Morgan County Poultry association was held Tuesday evening at which time the date was fixed for the annual poultry show.

The date was set for the week of November 17 to 22. The location has not as yet been chosen but will be announced later. A committee was appointed consisting of J. C. Weber and D. T. Heimlich, their to select the other members to arrange for the premium list and catalogue.

A new feature of the exhibit this year will be rabbits and other pet stock. Belgian hares are becoming popular with fanciers again and many predict that they will be a big factor in solving the meat problem.

MORGAN COUNTY ODD FELLOWS CONVENTION

Will Be Held in Murrayville Tomorrow—Afternoon and Evening Programs Arranged—Large Attendance of Members Expected.

Tomorrow afternoon and evening members of the various Odd Fellow and Rebekah lodges throughout the county will assemble at Murrayville for the purpose of attending the Morgan County Odd Fellow meeting to be held at that place.

There will be special programs presented, a number of talented speakers, and a large number of candidates to take the initiatory work in the evening, and everything points to a most successful meeting. If the weather continues fair the roads will be in fine shape for motorists and a great number of the members of the order will doubtless congregate in Murrayville. Every preparation has been made by the committee in charge for the entertainment and comfort of the visitors.

Afternoon Program.

At three o'clock Thursday afternoon the following program, to which the public is invited, will be carried out at Carlson's Hall.

America—Audience.

Welcome Address—Mrs. Ludella Seymour.

Song—Sextette.

Talk—Mrs. Lottie Sherer, president of state assembly.

Solo—Margaret L. Short.

Reading—Miss Marie Smith, I. W. C.

Piano Duet—Mrs. Iva Short and Miss Mildred Wright.

Address—Hon. H. H. Bancroft.

Song—Sextette.

Business Session.

At five o'clock a business session will be held, the Odd Fellows meeting at Carlson's Hall and the Rebekahs at the I. O. O. F. hall.

Chicken Supper.

At six o'clock a chicken supper will be served by the ladies aid of the M. E. church in the City Hall.

Initiatory Work.

At 8 o'clock Murrayville Lodge No. 415 will open in Carlson's Hall for the purpose of conferring the first degree. The work will be given by Urania Staff No. 243 of this city.

Rebekah Program.

At eight o'clock Murrayville Rebekah Lodge No. 75 will meet at the I. O. O. F. hall where the following program will be given:

Music—Audience.

Invocation—Mrs. Hattie B. Daniel.

Reading—Mrs. Sarah Wade.

Piano Duet—Mrs. Iva Short and Miss Mildred Wright.

Reading—Mrs. Ludella Seymour.

Song—Quartette.

Reading—Miss Jane Wright.

Address—Mrs. Lottie Sherer.

Whistling Solo—Miss Jane Wright.

Address—Mrs. Alice M. Trees, warden state assembly.

Joint Session.

Following the initiatory work by the Odd Fellows and the program held by the Rebekahs, there will be a joint session of the two lodges held. Music will be furnished and a social hour enjoyed. Refreshments will be served.

K. OF P. NOTICE

All Knights are requested to meet at Castle Hall Thursday, Sept. 25, 5:30 p. m., to go to Roodhouse to attend Booster Rally. Automobiles for all. Knights owning autos requested to aid in this transport service for a good cause.

practically all marketed, and the urgent demand for grain cars has ceased. The rain has given new life and vigor to pastures and meadows.

Cars Being Furnished.

Cars for the movement of sewer pipe, drain tile and stone, products essential to agricultural pursuits, are being furnished in ample numbers, and the manufacturers are bending their energies in moving the accumulated orders at a pace that will keep moving loaded empty cars furnished White Hall in generous quantity at the present time.

Apple Harvest Proceeds.

The fall apple harvest is proceeding practically uninterrupted, and the crop is about half cured for. Previous estimates of the number of carloads and the shortage of the crop from one-third to one-half are holding good. Practically the entire Greene county crop is loaded at Drake and Hillview. Hillview has forwarded fifty cars and Drake twenty-five to date. Estimates are 125 cars from Hillview and 80 from Drake, and these estimates will likely prove conservative, as in the Drake territory there has been a shortage of pickers during the past week that has caused several cars to be forwarded short of a maximum number of barrels. A full carload comprises from 200 to 212 barrels, and some cars have been filled with as low as 150 barrels. There has been no shortage of help at Hillview. There are some orchard interests in the vicinity of Greenfield, but requests for information from that point has so far failed to bring results.

Remains Arrive Monday.

The remains of Mrs. Julia E. McCann, who died in Los Angeles on the 18th, arrived here at noon Monday, accompanied by her daughter, Mrs. Kate Purcell, and were taken to the home of H. O. Potts on West Franklin street. Funeral services will be held in the Presbyterian church at two o'clock Tuesday and the interment will be in the White Hall cemetery. The Eastern Star Chapter will be in charge.

Decedent was the widow of Thomas McCann, widely known implement dealer and active in Democratic politics, who died in 1906. A year later she and her daughter, Miss Mae, went to California, and the latter died in 1911. Mrs. McCann returned with the remains of her daughter, and remained here and in Ohio for some time before again going to California, where her daughter, Mrs. Purcell, has resided for a great many years. Decedent's father was the late Dr. Anthony Potts, who located in White Hall when Mrs. McCann was a mere child, coming from Burlington, Iowa. Her age at death was 75 years. A sister, Mrs. E. R. Taylor, aged 81, resides at Boise, Idaho, and her son, Frank Potts, a resident of Monmouth, Illinois, arrived this morning to attend the funeral. Mrs. McCann is the last of that name here, and it is coincident with her passing that the last of the McCann landmarks are being wrecked and moved away to make room for park purposes.

Died in Denver.

John Davis, brother of R. N. Davis of White Hall, died in Denver Friday, and the remains were buried there. He was a member of a former well known White Hall family, but has been absent for a great many years. His sisters, Misses Rebecca and Hattie Davis, reside in California. He was a brother of the late Rev. Hardin W. Davis, and his age was about 65 years.

News in General.

A meeting of the local post of the American Legion will be held next Sunday afternoon in the Princess theatre for the purpose of considering plans for the parade and banquet on November 11th, at which it is expected to have present as the speaker of the occasion a man who has an interest in White Hall and the local post, who served with the title of colonel with the A. E. F. in France, and whose prominence and success has been gained through individual worth. Lynn C. Smith, chairman, states that he will announce the plans following the meeting next Sunday.

T. J. Grant went to Jacksonville today to consult with Architect Pierson with reference to plans for the proposed public rest room and library on Whiteside Park. The work of clearing the park extension will be practically completed this week, and it is desired to erect the new building on the site of the McCann implement warehouse. Mr. Grant will also consult with the architect on plans for the memorial arch at the northeast corner, details of which are in the hands of Contractor William Stevenson. A recent communication from Hon. H. D. Hamilton of New York City, concerns the library project.

Rev. Lowenstein, Rev. A. F. Evert and J. H. Fox attended the international lycum and chautauqua convention in Chicago last week.

C. Wright of Bloomington, a C and A., adjuster of claims, was a Sunday visitor.

ORVILLE COULTAS.

C. E. Jarmen of Moline was called to the city on business yes-

TOWN TALK

Civilians Offered Them.

Reflection of army styles is seen in one of the new fall show models in Jacksonville.

The "rogue" model, suggestive of brogans in name and weight, has a sole as thick as that of the Army field shoe, though it lacks the metal studs.

Philosophical.

His hair newly annointed and sleek after a haircut with trimmings, following a shower the other afternoon, a young man left a barber shop and ventured into the breeze. His cap blew off and pedestrians witnessed a close race which ended when the cap took refuge in a puddle of water. Without breaking step the youth jumbled and landed squarely with both feet on the cap, sprinted for a haberdashery and reappeared a few moments later with a new fall cap.

In a Dry Sector.

A volley, fired evidently from weapons of large calibre, dislodged south side residents the other night. Some of the braver ones ran into the street with the family armament clutched firmly and with raiment scanty. Others covered their heads and waited for the police. The firing continued for several minutes. One of the residents of the neighborhood had been making a little yes, just so—and had bottled it too soon. Two dozen bottles let go and, as they were all quartz, the noise was considerable.

If Boys Made Laws

If he does not change his mind by the time he is old enough to attend to the matter, this legislation will be proposed by a ten-year-old boy: Abolishing of all schools; extending summer thru September, October, November and in December to the twenty-fourth day; making it unlawful to wear shoes except when his judgment so dictates; making compulsory bathing a felony or at least a high misdemeanor; setting the retiring hour at 11 p. m. or later, the rising hour at 10 a. m. or later, except on circus days; and a bill providing for free admission to all movies and calling for a removal of the restrictions on night attendance. A straw vote among his companions has convinced him that unless they, too, change, these measures will carry unanimously.

Prepare for Winter Now

The short days are nigh when cold winds will sweep over the face of the city, and it behooves man to think of Christmas, now rather close at hand, and also of laying in the supply of winter fuel, warms the New York Telegraph. We have said it in bygone seasons and we repeat it: Do your Christmas shopping early. Make out your list of persons to whom you will present gifts and go buy those gifts. Lay them away, and when Christmas comes hand them out. The stores are doing a big business, but as the great holiday approaches they will be more crowded than at present; therefore you will have no better opportunity than now to buy presents.

Remember that two years ago private houses and other places were without heat. The unforeseen were cold and their families suffered. Now is the time to lay in a good store of fuel. There is plenty to be had, and dealers

Your Mental Picture of the Standard Oil Company (Indiana)

IS it a thoroughly lubricated machine, owned and controlled by one man, who is able to manipulate it as he sees fit with figureheads to do his bidding by push button control?

OR—

Is it an organization of men animated by ideals of service, human sympathies, and a far seeing understanding of conditions in a highly specialized branch of industry?

The Standard Oil Company (Indiana) is owned and controlled by 4649 stockholders, not one holding as much as 10 percent of the total stock.

It is managed by 7 men, who, individually, have won their way to the top by giving each day the kind of service which the public found it profitable to pay for.

The policy of the Company in its relation to the public is laid down by these 7 men, which is to render the individual consumer in the eleven states served by the Company the kind of service they demand and find it profitable to pay for.

It is the earnest desire of these 7 men, holding the trusteeship of management, to intensify the usefulness to the public of the Standard Oil Company (Indiana), and to broaden the scope of its service so that the Company may discharge its obligations as a public servant in a manner satisfactory to the stockholders and beneficial to the world at large.

The Job of Insulation

Ordinary insulation nearly always gives way before the plates do, and the battery has to be reinsulated.

Willard Threaded Rubber Insulation protects the plates from the very beginning of the battery's life, and protects the car owner against the need of having the battery re-insulated.

Drop in, and we'll tell you about some of the long-life records that Threaded Rubber Insulation has made possible.

The supper to be given by the ladies aid society of the Second Baptist church Thursday night, Sept. 25, is postponed until Thursday night, Oct. 2.

"I'll Say It Will"

You may ask: "If I bring my old dilapidated last winter's hat to you to have it cleaned and reblocked—and I put it on and go down the street—will it look just as nifty as if I had invested \$10 in a new one?" why I can quickly, honestly and truthfully reply: "I'll say it will."

Successful Students Must Have Good Vision

The young men and women of today, who have successfully passed thru various stages of school life, have either had good eyesight or have worn glasses that gave them normal vision.

Without good vision good work is impossible. We overcome the prejudice against wearing glasses by making them pleasing to the eye and efficient in vision.

Our examination is accurate and not uncomfortable.

THE OBSERVATORY

The New York World denies it is pro-German in publishing the Ludendorff stuff. Yet the World was one of the loudest shriekers for an eternal boycott of Germany—and now trades with the chief militarist of them all.

Wilson papers are trying to prove Bullitt a mere nincompoop. Then why did Wilson select him to head the mission to Russia?

A man's opinions have usually more or less weight with his wife—usually less.

President Wilson appears to be getting onto the idea at last, the Leavenworth Times is glad to note. In his address at Portland, he said that everyone appeared to be in favor of a league to prevent war but that the objection was to this particular league. "That is it, precisely," says the Times. "Nearly everybody likes eggs, but a good many persons don't like them too ripe."

William Allen White says a thoughtful kiss now and then, and a little judicious bragging on the cooking once in awhile, will usually go farther toward cooling the home than Mr. Edison's new home refrigerating plan will go. Mr. White's plan is also said to have the advantage of working just as well the other way—it sometimes thaws out the home even after a rigidity of several days.

Judging from the number of divorce petitions the number of women who don't want the husbands they have, the approach of five thousand husband seekers from England ought not to be met with much prejudice over here.

One of the chief annoyances incident to the use of wartime safety matches is that about ever so often you find one that contains a little fire and blazes up and burns your finger without warning.

Japan declines to set a date when she will return Shantung to China. Why should she? The treaty that gave it to her set no date for it.

Evilously the Germans haven't heard of the president's statement that the senate's delay in ratifying the treaty is holding up trade between their country and the United States. New York reported yesterday the arrival of a 350-ton cargo of toys, glassware and sugar-beet seed from Hamburg. Really those Germans ought to read the newspapers.

The Governor of Massachusetts has all the firmness of an umpire in deciding that the Boston police struck out.

"To the rolling kitchens a special tribute was given," says an account of the First Division parade in Washington. They cooked the enemy's goose as well as the rations for the daughboys.

While we're about this nationalization and paternalization business why not have the United States government grant every citizen a three months vacation every year with full pay?

There is no difference between a gossip and a street sweeper. Both collect dirt.

A Jacksonville house hunter discovered a sign on a home in the dusk of the evening and rushed up the steps to pay the rent in advance before someone else beat him to it. Imagine his disgust when on near inspection the sign was a notice of quarantine.

The one cent sale begins Thursday. Luly-Davis Drug Co.

Mrs. James Campbell and daughter of the west border of the county were in the city yesterday, the first time Mrs. Campbell has been in town for a long time. She is able to get about some with the aid of others and is improving in health.

A PATRIOTIC FAMILY

W. F. Hodson, a successful druggist at Delevan, was in the city yesterday calling on his old time friend, J. W. Prince. Mr. Hodson belongs to a patriotic family most certainly. He enlisted in a Missouri regiment at the age of sixteen in the civil war first in an infantry regiment but the command was changed to cavalry and finally to light artillery in which he served his time out.

Any capable surgeon with a good reputation could open a hospital and make money by charging regular fees but to do the work that is demanded of a genuine hospital requires the gift of much money else its mission cannot be accomplished.

Many poor people are cared for at Passavant hospital without charge; many are cared for at reduced prices and others pay more and all the hospital tries to do is to come out even at the end of the year and it requires the best of management and most rigid economy to accomplish that end.

The bride and groom received their guests informally preceding the ceremony and were assisted by four intimate friends of the bride, the Misses Rexroat, Ada Knight and Miss Hilda Wiley.

Ashtabula, Sept. 22.—John V. Beggs of this city and Miss Josephine Parkhurst of Virginia were united in marriage last Thursday afternoon at four o'clock at the home of Dr. and Mrs. J. J. Parkhurst, parents of the bride. The wedding ceremony was witnessed by a number of relatives and intimate friends.

The bride and groom received their guests informally preceding the ceremony and were assisted by four intimate friends of the bride, the Misses Rexroat, Ada Knight and Miss Hilda Wiley.

Ashtabula, Sept. 22.—John V. Beggs of this city and Miss Josephine Parkhurst of Virginia were united in marriage last Thursday afternoon at four o'clock at the home of Dr. and Mrs. J. J. Parkhurst, parents of the bride. The wedding ceremony was witnessed by a number of relatives and intimate friends.

The bride was beautifully gowned in a georgette crepe dress and wore a corsage of Ward roses. The house was attractively decorated with pink roses, the color scheme being pink and white. A delicious two-course luncheon was served, after which the bride and groom departed for an extended trip thru the east. Upon their return they will make their home in Ashtabula.

The bride was beautifully gowned in a georgette crepe dress and wore a corsage of Ward roses. The house was attractively decorated with pink roses, the color scheme being pink and white. A delicious two-course luncheon was served, after which the bride and groom departed for an extended trip thru the east. Upon their return they will make their home in Ashtabula.

Miss Elizabeth Gailey who is attending Brown's Business college at Springfield spent the week end at home.

Mr. and Mrs. Henry McKeown and children of Griggsville and Miss Lutie Beggs of Springfield were here last week visiting relatives and attended the Beggs-Parkhurst wedding.

Misses Nelle Savage, Lois Wyatt, Lutie and Virginia Beggs, Marie Haggard and Messrs. William and Glenn Stribley, Dave Hexter and Clark Walbaum attended the dance given by Miss End Hubbs at Prentiss in honor of Miss Helen Allcott of Jacksonville.

Misses Julia Hewitt and Eula Bailey motored to Jacksonville last Tuesday afternoon and attended "Daddy Long Legs."

Mr. and Mrs. George Bailey and daughter Lorena and Miss Glenna Bailey were Springfield visitors last Tuesday.

T. W. McGraugh has been re-appointed as postmaster for the next four years.

A WORTHY ENTERPRISE

Supper This Evening at Litterberry for Benefit of Passavant Hospital.

A worthy enterprise is the Litterberry supper this evening for the benefit of Passavant hospital. These good people have the right idea. The hospital is the property and enterprise of the Protestant churches of the city and county and adjacent counties and should have a generous support from all. The hospital is for the sick and afflicted and surely no work of Christianity is of greater importance.

The supper is to be in the Christian church and is to be a community affair in which the

MONUMENTS

When the time comes bear in mind I have a large stock of finished Monuments and Markers in stock, the most popular of which is the famous

Montello

CHANGE IN LOOKS SURPRISED THEM

People Astonished by Big Improvement Shown by E. G. Bates After He Takes Tanlac.

"A number of people who ride my car every day have asked me what I've been doing to cause such a wonderful change in my condition, and all the boys who work for the company say they never saw me looking so well," said E. G. Bates, a popular street car motorman living at 1108 North Park street, Bloomington, Illinois, in relating his experience with Tanlac, recently.

"Well, it is astonishing," he continued, "how Tanlac has put me on my feet when I was completely down and out and nothing else ever did me the least bit of good. I certainly do feel thankful and everybody will agree with me that I have the best of reasons for praising Tanlac when I tell them I hadn't been able to eat a meal in ten years without suffering agony afterwards. I would almost double up with cramping pains caused by the gas on my stomach and I would get so dizzy and blind that if I hadn't had something to hold on to I could have fallen off my car. If I ventured to eat anything except something very light I would have to lay off for a week and my work was just a drag and a burden to me for years. I was so badly constipated that I had to take a laxative every night and I took so much strong medicine for indigestion that my stomach was in terrible shape. I got in such a bad fix that I couldn't stay on my run more than half the time and when I did work I was so weak and run down that I was in misery all the time."

"I knew very well I couldn't go much longer unless I got something to help me, but I was at a loss to know what to do. It was about this time that I heard some of the boys talking about what a great medicine Tanlac was. I also noticed in the papers where it had done some good work, so I bought a bottle and it beats the world the way it helps a man when he is down and out. Just a few doses stopped gas forming on my stomach. Then I quit having cramps and dizzy spells and was so much pleased that I took care never to miss a dose of Tanlac. So I stuck right to the treatment and now I never feel a sign of my old troubles. I am now on my run every day and, as I said, all the boys say they never saw me looking better. But no wonder I'm looking better, I haven't missed a big meal three times a day since right soon after I started on Tanlac, and I am never bothered a particle with cramps, dizziness, constipation or anything else. In fact, I am as well and strong as could wish to be, and I'm here to tell you that's a great change, for I was doubtful about ever being any better. So it is that I have the best of reasons for feeling thankful and I will always boost Tanlac for the good health I now enjoy."

Tanlac is sold in Jacksonville by Coover & Shreve, in Meredosia by Mr. R. B. Field, in Murrayville by M. E. Gilbert, in Waverly by the Wylie Drug Co., and in Woodstock by the Hoy Pharmacy.

Who Wants This Strictly Modern Eight Room House

It is situated close in on newly paved street. House in fine repair. Best bargain offered in Jacksonville.

PRICED LOW

Farms
I have several farms, large and small, also some improved suburban tracts, priced low.

All those having subscription lists please bring them along. Subscriptions can be paid at this meeting to the undersigned or to any member of the board, or at Farrell's bank. L. P. HOFFMAN, SECY.

THE BOND ISSUE

Ed. Note—While the Journal does not agree with many of the statements made in the following article yet we are willing to publish almost any statement to which a citizen is willing to sign his name. We want to cooperate with all those who have the courage of their convictions and will take their share of responsibility in such matters.

Sept. 23rd, 1919.

Editor Journal:

In an editorial last Saturday you suggested, in fact urged, that there should be a full discussion of all questions relating to the bond issue. There is one point I have heard freely discussed in private, but have seen nothing about in the papers. That is, why was the proposition not divided into three sections as was originally suggested and understood by many citizens? The mayor and council repeatedly stated that they wanted to do just what the people wanted done and the majority of those I have heard express themselves were in favor of voting for a specified amount for certain purposes separately.

For instance, \$140,000 to clean the old slate; \$40,000 for the filtering plant and \$30,000 for removing the power plant and other purposes, instead of all in one lump sum.

The latter plan makes it more likely that the entire proposal may be defeated, because the opponents of each of the three propositions altho in favor of the other two, may vote "no" in order to defeat the one they oppose. Whereas, if submitted separately, all might carry because the opponents of one could vote for the other two and vice versa.

Another point I have heard raised is in regard to the present ownership of some of the warrants issued by the city. No one has any objection to paying every cent due to persons or firms, who have furnished fuel and other supplies, or to employees who have held on to their warrants. But, it is generally understood that many thousands of dollars worth of these claims have been bought by speculators at from 20 to 50 per cent discount. To be sure, they were buying a "pig in a poke" and might have had to hold the warrants indefinitely. But, these speculators are now among the strongest advocates of the bond issue for the selfish purpose of "cashing in" on a "long shot." I have been told that one of the present councilmen made a public statement during the spring campaign that he had bought \$500 worth for \$250; that another councilman holds several thousand dollars of warrants bought at big discounts; and there doubtless are many more thousands held by banks and by others which were obtained on the same terms.

Now, in order to "boost" and "do everything for the good of Jacksonville," let the holders of such claims come forward now and offer to accept cost to them, for cash down on the passage of the bond proposition. This is certainly no more than fair in the distressed financial condition of Jacksonville, and a few such offers would no doubt make many votes "for" that are now leaning "against" the proposed issue. Under the circumstances, for any one to clean up 20 to 50 per cent in cash on a claim against the city smacks too much of profiteering, which is not a popular game just now. It also reminds one of the story of the boy, who "stole the coppers from his dead grandmother's eyes."

Respectfully,
WILLIAM H. SLATER,
350 West State street.

PUBLIC SALE

Wednesday, Oct. 1st at Charles McLamar farm, ½ mile from Durbin church; horses, cows, hogs and farm machinery to be sold.

TO DEMILITARIZE HOME GUARD UNITS

Wuerttemburg Government to Follow This Plan So That Allies Will Not Dissolve These Units Under Terms of Peace Treaty.

With the American Forces in Germany—(Correspondence of the Associated Press)—The Wuerttemburg government recently reorganized all the so-called reserve Sicherheit companies as home guards and the war ministry has turned them over to the minister of the interior.

According to information in the hands of American army officers this is in accordance with Noske's plan to demilitarize all home guard units so that the allies will not dissolve these units under the terms of the peace treaty.

Early this year many Sicherheits were organized in Wuerttemburg from remnants of old army units and have since been transferred into the Reichswehr or new army. Later many reserve companies were organized on lines different from elsewhere in Germany but on the same principle as the home guards or einwohnerwahr.

German soldiers who recently protested from Mitau on the eastern front against failure of the Lettish government to provide them land for settlement, in accordance with vague promises of such land to all German soldiers who would help to repel the Bolsheviks, have issued another statement declaring that they have been "shamefully deceived and reserve the right to take such further steps as may be decided upon."

Bitter feeling by the population against the new German army continues in various parts of Germany, trouble having been reported from time to time in towns and villages where troops were to be garrisoned. In most instances the civilians object to the presence of the soldiers on the ground that they eat too much food.

An armored locomotive which is part of the equipment of some Reichswehr or new army units was sent from shop to shop in central Germany recently because the workmen refused to repair it as they claimed it was a tool of "Noske's bloodhounds." Men in the railroad shops at Goettingen and Cassel refused to work on the locomotive as well as employees in private machine shops in several parts of the country. The last Americans heard of the armored engine it was on a sidetrack in Cassel while officers continued their search for workers to make the necessary repairs.

SHINOLA
AMERICA'S HOME SHOE POLISH

Makes shoes last longer and LOOK BETTER.

you save 10 or 15 cents every time you shine your own shoes.

Applied in a few seconds with **SHINOLA HOME SET.**

**Tractors**

In these days of labor scarcity every farmer should consider the advisability of adding a tractor to his farm equipment. Let me show you

The Fordson

The "Little Tractor with the Powerful Pull," the most efficient on the market today. Call, phone or write.
